Summary

I'm About Travels, a passionate Web Developer dedicated to building modern, interactive, and high-performance websites and applications.

With strong expertise in today's leading web technologies, I create tailored solutions that combine intuitive design, efficiency, and outstanding user experience. My goal is simple: turn ideas into robust digital products through clean, maintainable code and a relentless focus on user satisfaction.

Experience

- FileDrive - Cloud File Management System** 08/2025 – 09/2025
- Developed a secure, responsive web app for uploading, organizing, and managing files (images, PDFs, spreadsheets, text).
 - Tools Used: Next.js, Convex (Real-time DB & Storage), Clerk Authentication, Tailwind CSS, shadcn/ui.
- AI Recruiter Voice Agent - AI-Powered Recruitment** 06/2025 – 07/2025
- Built a recruitment platform that automates interviews with AI voice agents, providing real-time feedback and scoring for candidates.
 - Tools Used: Next.js, Supabase (PostgreSQL, Auth, Storage), VAPI AI, OpenAI, Deepgram, Tailwind CSS.
- Full Stack Developer Intern, ThinkTrend** 06/2025 – 07/2025
Nabeul
- Participation in two internal projects.
 - Real estate rental and sales application: React (frontend), Supabase (backend).
 - Main ThinkTrend application: development with Next.js and Express.js.
 - API integration, user authentication, data management.
 - Use of Git and Trello for project tracking
- Web Developer Intern, Hammamet informatique Service** 08/2024 – 09/2024
Hammamet
- Development of a taxi rental application.
 - Design of mockups with Figma.
 - Complete implementation of the application using HTML, CSS, JavaScript, and PHP.
 - Communication with users to gather requirements
- Web Developer Intern, Teknoisland** 06/2024 – 07/2024
Hammamet
- Design of the user interface with Figma.
 - Frontend development (HTML, CSS, JavaScript) and backend (PHP).
 - Gathering client requirements, diagnosing bugs, and proposing technical solutions.
 - Independent work with functional deliverables at the end of the internship

Education and Training

- Higher Technician Certificate: BTS – Internet Development, 2nd Year – Internet Development, Maghreb Institute of Economic and Technological Sciences(IMSET)** 01/07/2025
Nabeul
